A 30 AVATAR TO USE ON THE METAVERSE

Freaky Future is a long term project,

we plan to do a lot of stuff:

A \$Freak governanza token,

Collaborations with worldwide artists to create new 3d avatars,

An animated Freaky Future serie.

As we said, the aim of our project is to create avatars to use in the metaverse. We belive the Metaverse

that's why we want to provide our comunity with a 3d model to use in most popular metaverses.

Meanwhile, until the metaverse takes full control of our social

life, you can use our staking platform to earn \$FREAK!

will become mainstream in the near future,

Our governance token will allow owners to take control of the freaky future!

Launch the 2D collection

OUR GOALS

Launch the \$FREAK token and the staking platform

Develop 3D avatars for every single piece

of the collection to use in the metaverses.

Collaborate with artists to create more 3D avatars

Collaborate with virtual reality spaces

to integrate the avatars to the blockchain as NFT

Enjoy the metaverse as it slightly becomes the only way to stay in touch with humanity.
